# World Fisheries Congress International Travel Award

The World Fisheries Conference International Steering Committee is pleased to offer a limited number of partial subsidies to support registration expenses for deserving individuals planning to attend WFC from low and middle income economies, with 10% of award funds to be earmarked for applicants from Indigenous communities. Awardees will be selected through a competitive process based on their career-stage, justification for why they should be considered (e.g. presenting their work, financial need, career benefits, etc.), demonstrated financial need, and a record of past science communication (papers and conference presentations) and service. Priority will be given to individuals in early career stages and to applicants requiring only partial support. An award selection committee will conduct impartial review of all applications. Awardees will be notified by November 1, 2023.

Submitter's name

Country of Citizenship

Country of Residence

Affiliation 1

200 characters

Affiliation 1 (including Indigenous community affiliation, if relevant)

Affiliation 2 (optional)

200 characters
